POINTS OF INTEREST

With four branded lines, Schmutzerland, Fauxhemian, SmashCaps and Charm Farm, your customer's points of interest are in mind. By artfully portraying a variety of imagery under visually enhancing cabochon's, your customer's interests, feelings and imagination are realized into expressive wearables that make a statement.

Whether they have a feeling for the vintage settings of Schmutzerland, the more contemporary expression of Fauxhemian or the fun youthful look of Smashcaps, there is something for every mood and every interest.

In addition to our extensive catalog of available imagery, we have the ability to turn your ideas into your own custom line. From a custom map of your area to a famous local landmark, a school mascot, corporate mark or any other idea that sparks your points of interest, you can make our jewelry your own. Plus we can customize our packaging to reflect your own brand.

We are a family owned small business. All of our jewelry is handmade in our studio in Nutley, NJ.
